Privacy Notice:

Your interest in our conservation program is appreciated. We hope that you will decide to participate in these energy savings activities. If you do, it is necessary for you to provide some information to us, which will enable us to run this program successfully.

The information to be collected includes the names and addresses of customers participating in the program technical data about energy use and efficiency. We need this information to determine whether you are eligible for the program. Beyond this, the information collected will be used to evaluate and audit the conservation program.

Upon BPA’s request, we will provide them with this information. BPA may also wish to make certain site visits to evaluate the installations and the performance of the program.

The data provided will then be used to assist us in developing new programs and in assessing energy savings obtained by existing programs in the region. This information will be retained for three years. It may be released to the public, but only in anonymous statistical form.

KPUD reserves the right to make changes to the program and is subject to the availability of funds.
